

PRESS RELEASE 2011-03-03

Globe Award 2011 – Leading Sustainability Awards

Globe Award takes a step further towards a sustainable future

STOCKHOLM, March 3th, 2011 – **The Globe Award has decided to take further environmentally friendly steps and fulfill its mission to contribute to sustainable development by reducing its carbon footprint.**

We truly believe that small actions do make a difference. It is our obligation for promoting sustainability not only in theory, but, also, in practise. Therefore the prize ceremony will be held virtually at the Globe Forum sustainability conference in Stockholm on May 11th.

The laureates and the jury will virtually present the winning projects. There will be an online chat after each prize ceremony so everyone can ask questions to the laureates.

More information about the program is available at: www.globeforum.com/stockholm

Globe Award is presented for the fifth consecutive year. The aim is to discover and encourage researchers, innovators, cities and companies outstanding in sustainable development. Globe Award's mission is to highlight and acknowledge particular cases and initiatives within the sustainability area.

The nominees of Globe Award 2011 will be announced on March 4th, 2011.

The laureates will be announced the 28th of March.
